**Item 1.01 Entry into a Material Definitive Agreement**

On May 24, 2018, the Board of Directors (the “Board”) of TransEnterix, Inc. (the “Company”) finalized and approved revised compensation arrangements for non-employee directors of the Company that were recommended by the Compensation Committee of the Board (the “Committee”). The following chart summarizes the non-employee director compensation program, which became effective on May 24, 2018:

Annual Retainer for each Non-employee Board Member (1)	Additional Retainer for Committee Chairs		Additional Retainer for Lead Director	Additional Retainer for Committee Members		Annual Equity Award (1)(2)(3)
\$40,000	Audit	\$20,000	\$ 40,000	Audit	\$9,000	50/50 stock options and Restricted Stock Units with a grant date value of approximately \$90,000
	Compensation	\$13,000		Compensation	\$6,000	
	N&CG	\$10,000		N&CG	\$5,000	

- (1) Each non-employee director can elect to receive the annual cash compensation in stock. Each non-employee director can also elect not to receive the cash and/or stock compensation.
- (2) The vesting schedule is 25% of the stock option award quarterly on July 1, October 1, January 1 and April 1 following the date of grant. For the restricted stock units, the units remain subject to forfeiture until the first anniversary of the date of grant or, if earlier, the date of the next annual meeting of stockholders.
- (3) Each annual equity award will be for no more than 90,000 shares of common stock.

In addition, when a new director joins the Board, he or she will receive an annual grant of 50% stock options and 50% restricted stock units with a grant date value of approximately \$150,000, a vesting schedule of one-third of the award for the first three years after the date of grant for the stock options and three-year cliff vesting for the restricted stock units.

The Board approved the new non-employee director compensation program based on a review of compensation practices at peer companies. The peer companies used were identical to the peer companies used in 2017 to evaluate executive officer compensation practices. The Board believes the updated compensation program will encourage meaningful equity ownership by directors and provide market competitive compensation to attract and retain key director talent as the Company continues to focus on commercialization of its Senhance™ Surgical Robotic System.

The non-employee director compensation program continues the Company’s practice of not paying per-meeting fees. Todd M. Pope, the Company’s Chief Executive Officer and a director, does not receive additional compensation for serving as a director.
